ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

A total of twenty-one alarms were answered by the department during 1938, classified as follows:

- 11 Chimney
- 4 Building
- 4 Brush
- 1 Rubbish
- 1 Automobile

The fire record for 1938 is better by far than for several years past. Fewer alarms were answered and the loss of property was much lower. Insurance adjustments on building fires for the year totaled about \$750.

Twelve monthly meetings were held, and several drills were also held by the companies. We have added to our equipment, 100 feet of booster hose; 250 feet of 1½ inch discharge hose; 20 feet of suction hose; pike poles; sirens; lanterns; rubber coats; and other tools.

Several water holes were added in outlying sections: 2 at Sugar Hill; 2 at South Weare; 1 at Fessenden's; and 1 at Bog Hill. The dams at Weare Center and Riverdale were restored. A fire station at East Weare is under construction.

We were fortunate in having no fires as a result from the flood and hurricane. This coming spring, the forest fire hazard will be very serious. The slash and blow-downs of pine timber form a most difficult problem of fire fighting. We are making all efforts to combat this condition with men and equipment.

The river at North and East Weare is at present of no value to us as a source of water supply. The mill ponds and bridges swept away by the flood make it impossible to get pumping engines close enough to the water for suction. This condition should be remedied, if possible,

and water holes at vantage points would give added protection.

We hope to better our service this coming year and know that we will have the splendid co-operation we have received in the past.

Respectfully submitted,

GERALD H. HIGHT, Chief,
Weare Volunteer Fire Dept.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Weare :

With the close of last school year, Helen Schellenberg, teacher of Home Economics, terminated her splendid work here for a position in Reading, Massachusetts. This was a very substantial and merited advance. As her successor, Miss Ruth Smith was elected. Miss Smith was graduated from New Hampshire University last June with a major in Home Economics.

In the high school building this year, for financial reasons, there are four teachers, one less than previously. The total enrollment in the high school this year has been fifty-nine. In junior high, there have been thirty-six different pupils. A total of ninety-five. This would not seem too large a group for four teachers. But it should be remembered that there are six different groups—by grades. The agricultural work requires three hours daily of Mr. Barton's time. Home Economics requires twelve hours weekly of Miss Smith's teaching time. The chief difficulty arises from the necessity of combining groups. In junior high, grades seven and eight are combined in English, in mathematics, and in Social Science. Obviously in this case — there are two obstacles, one is the size of the combined groups of grade seven and eight (36 pupils), another, the fact that since materials are graded, a large part of the group is working either above or below where they belong in grade material. In high school — grades eleven and twelve — are combined in English, a most unsatisfactory arrangement. Geometry is not offered this year, although there were those who wanted it. General Science was eliminated, one of the newer but interesting and useful subjects. During class periods, there have to be a number of study pupils in the same room. If these ninety-six pupils were all high school — or all junior high

school, with four high school classes, or two groups in junior high, the problem would be much simpler than at present. However, the teachers are doing the best they can in order to secure the best work they can.

This year's data regarding schools:

High School and Junior High School Teachers

Headmaster — Philip Barton

English — Elizabeth Harris

Home Economics — Ruth Smith

Social Science and Math. — Edward Currier

*Virginia Mae Dow	Elizabeth Prescott
Rose May Rice	

*NOW IN POST-SECONDARY SCHOOLS.

At Concord Business College — Eleanor Nichols, Hazel Grant, Verna Grant, Richard Clement.

New Hampshire University — Grace Dearborn, Virginia Dow, Robert Fiske.

Keene Normal School — Chester Brach.

Age for entering Grade One in Weare Schools:

No child shall be admitted to grade one, in any September, unless he has reached the age of five years and eight months on or before the first day of that month.

A "Cadet Teacher," Mr. Edward Geddis, from the State University, will be here for "practice teaching" in agricultural matters. He will assist Mr. Barton in the agricultural classes. The district will receive about \$225 from the University for this training.

Perfect Attendance Records for the Entire Year

Junior High School — Ruth Philbrick, Kenneth Reade, Frederick Sawyer.

East Weare — Ellen Bean, Carol Forsaith, Gerald Gilman, Raymond Eaton.

Weare Center — Douglas Lafond.

South Weare — Vera Aston.

Riverdale — Richard Barnard.

The percentage of attendance is in the low nineties—several points below the state average, which is about 95%. Two schools were as low as 88%.

A reading of the report of Miss Walker, the school nurse, will indicate something of the scope and range of her constant work in the schools.

Respectfully submitted,

J. BYRON TARNEY,
Supt. of Schools.

REPORT OF SCHOOL NURSE

Record of the annual examination and follow-up work in the Weare schools from September, 1937, the beginning of the school year, to the fall of 1938.

About 240 pupils were weighed and measured, teeth and tonsils were examined; eyes were tested for defective vision and attention was given to any orthopedic defects such as spinal curvature, poor posture, etc.

Dr. Fraser gave a thorough physical examination to all who wished to play basketball in the high school. The heart, lungs and abdomen were given special attention and the blood pressure was taken on all. The doctor advised two not to play and allowed six to play as substitutes.

The following report in the number of pupils affected at this time:

Defective vision	20
Number of defects corrected	17
Defective hearing	1
Defective teeth	99
Number of defects corrected	59
Diseased tonsils	12
Number of defects corrected	2
Enlarged glands	1
Pulmonary disease, receiving treatment	1
Cardiac disease, receiving treatment	2
Nervous condition, receiving treatment	1

Cases of communicable diseases during the school year:

Chicken pox 16; home visits 11.

Measles 79; home visits 34.

Whooping cough 39; home visits 25.

Common colds and influenza 14; home visits 14

Scabies 2; home visits 2.

Impetigo 1; home visits 1.

Pneumonia 1; home visits 1

Accompanied 8 pupils to the toxoid clinic, October 27, 1937 — 22 children received treatment.

A dental clinic was held May 18, 1938 — 48 received treatment.

Accompanied a girl to a physician for vaccination.

One girl attended the tuberculosis clinic in Manchester.

Made arrangements for 4 children to attend the orthopedic clinic in Manchester.

Made 91 home visits during the year.

ETHEL G. WALKER,
School Nurse.
